

EuroTecnTool

PROGETTAZIONE, COSTRUZIONE, COLLAUDO ED ASSISTENZA DELLE ATTREZZATURE, DEGLI UTENSILI E DEGLI STAMPI PER L'INDUSTRIA DEI CONTENITORI METALLICI

STAMPI SEMPLICI E MULTIPLI PER PRODURRE:

Coperchi per scatole alimentari
Coperchi per scatole "general line"
Fondi per scatole aerosol
Coperchi per scatole da bevande (shell)
Coperchi per scatole di uso generico

STAMPI SEMPLICI E MULTIPLI PER PRODURRE CAPSULE PER VASETTI IN VETRO

STAMPI SEMPLICI, MULTIPLI, A PASSO PER PRODURRE SCATOLE/COPERCHI METALLICI IMBUTITI (BANDA STAGNATA ED ALLUMINIO):

Scatole alimentari cilindriche
Scatole alimentari a forma
Scatole per cosmetici, farmaceutici, dolciumi, tabacco
Cupole per bombole aerosol

UTENSILI, ATTREZZATURE E RICAMBI PER PRODURRE SCATOLE E COPERCHI

CESOIE ROTATIVE: lame circolari
TAGLIA CORPI: coltelli, settori di contrasto ed attrezzature complete
BORDATRICI A RULLINI: testine di flangiatura
NERVATRICI: mandrini, settori di nervatura ed attrezzature complete
MACCHINE COMBIMATE: utensili ed attrezzature complete
RASTREMATRICI: testine di rastrematura e attrezzature complete
CESOIE A GHIGLIOTTINA: lame scroll e stampi completi
CURLINGATRICI: anelli e settori
AGGRAFFATRICI: attrezzature complete, rolline, mandrini
METTIMASTICE: attrezzature complete

UTENSILI PER CAPSULE:

CESOIE A GHIGLIOTTINA: lame scroll e stampi completi
CURLINGATRICI-ALETTATRICI: utensili ed attrezzature complete
METTIMASTICE: attrezzature complete

NUOVO

- PROGETTAZIONE E FORNITURA LINEE DI PRODUZIONE CHIAVI-IN-MANO
- REVISIONE PRESSE

ENGINEERING, MANUFACTURE, TECHNICAL TEST AND SERVICE FOR THE EQUIPMENTS, TOOLS AND DIES FOR THE INDUSTRY OF METAL CANS

SINGLE AND DOUBLE DIES FOR THE PRODUCTION OF:

Ends and cans for food industry
Ends and cans for "general line" industry
Bottoms for aerosol cans
Shell for soft-drink ends
Ends for general use

SINGLE AND MULTI DIES FOR THE PRODUCTION OF CAPS FOR GLASS JARS

Single, multi, transfer dies for the production of drawn and re-drawn cans/ends (tinplate and aluminium):
Drawn and re-drawn cans for food industry
Cylindrical food cans
Cone food cans
Cans for cosmetics, pharmaceuticals, sweets and tobacco
Domes for aerosol cans

TOOLS AND EQUIPMENTS FOR THE PRODUCTION OF CANS AND ENDS:

SLITTERS: knives
SEPARATING MACHINES: chucks and sectors
SCROLL SHEARS: tools and scroll blades
FLANGERS: flanging dies and complete tools
ROLLER FLANGERS: complete heads and spin flangers
BEADERS: chucks, sectors and complete tools
COMBINED MACHINES: tools and units for flanging, beading, necking, seaming
NECKERS: necking heads and tools
CURLERS: rings and sectors
SEAMERS: seaming chucks and rolls, complete equipments, lifting plates for empty cans, cover feeders
COMPOUND LINERS: complete equipments

TOOLS FOR CAPS:

SHEARS: tools and scroll blades
COMBINED MACHINES: complete heads and tools for curling, compounding and hemming

NEW

- PROJECT AND SUPPLY OF TURN-KEY PRODUCTION LINES
- PRESS RECONDITIONING

PROJET, CONSTRUCTION, ESSAI ET SERVICE DE ÉQUIPEMENTS, OUTILLAGES ET OUTILS POUR L'INDUSTRIE DE BOITES METALLIQUES

OUTILS SIMPLES ET MULTIPLES POUR LA PRODUCTION DE:

Fonds et dessus pour boîtes alimentaires
Couvercles pour boîtes aérosol
Dessus pour boîtes boissons (shell)
Fonds et dessus pour boîtes diverses

OUTILS SIMPLES ET MULTIPLES POUR LA PRODUCTION DE CAPSULES POUR EMBALLAGES EN VERRE

Outils simples, multiples, transfer pour la production de boîtes/couvercles métalliques embouties (acier et aluminium):
Boîtes alimentaires cylindriques
Boîtes alimentaires formé
Boîtes pour produits cosmétiques, pharmaceutiques, gateaux, tabac
Domes pour boîtes aérosol

OUTILLAGES ET ÉQUIPEMENTS POUR LA PRODUCTION DE BOITES ET ACCESSOIRES (FONDS ET DESSUS)

CISAILLES CIRCULAIRES: couteaux circulaires
TRONCONNAGE CORPS: couteaux, secteurs et équipement complet
BORDEUSES PAR TAMPONAGE: tampons de bordage et équipement complet
BORDEUSES À MOLETTES: têtes de bordage et équipement complet
MOULUREUSES: mandrins, secteurs de moulure et équipement complet
MACCHINES COMBINÉES: outillage et équipement complet
MACHINES À RÉTREINDRE: têtes de rétreint et équipement complet
CISAILLES GUILLOTINES: lames indentées
OURLEUSES: anneaux central et secteurs
SERTISSEUSES: équipement, molettes, mandrins
CAOUTCHOUTEUSES: équipement

OUTILLAGE POUR CAPSULES

CISAILLES GUILLOTINES: lames indentées
OURLEUSE/MOULUREUSE: outillages et équipement complet
CAOUTCHOUTEUSES: équipement

NOUVEAU

- PROJECT ET FORNISSURE DE LIGNES DE PRODUCTION COMPLETES
- REVISION DES PRESSES

**EURO TECNO TOOL È
PRINCIPALMENTE RIVOLTA ALLE
SEGUENTI AZIENDE:**

Costruttori di macchine ed impianti per la
fabbricazione di scatole metalliche
Fabbricanti di scatole metalliche per
alimenti, bevande, prodotti aerosol e
contenitori generici
Industrie alimentari con la fabbricazione
interna dei contenitori
Costruttori di macchine ed impianti per la
fabbricazione di capsule per vasetti in
vetro
Fabbricanti di capsule per vasetti

**EURO TECNO TOOL IS MAINLY
ADDRESSED TO THE FOLLOWING
COMPANIES:**

Manufacturer of machines and plants for
the production of tinplate cans
Manufacturer of tinplate cans for food
industries, soft-drinks, aerosol cans and
general cans
Food industries with home-production of
cans
Manufacturer of machines and plants for
the production of caps for glass jars
Manufacturer of caps for glass jars

**EURO TECNO TOOL S'ADRESSE
SURTOUT AUX INDUSTRIES
SUIVANTES:**

Constructeurs de machines et de lignes
pour la production de boîtes métalliques
Fabricants de boîtes métalliques
alimentaires, boissons, boîtes pour
aérosols et emballages industriels
Industries alimentaires intégrant la
production d'emballages
Constructeurs de machines et lignes pour
la production de capsules pour emballages
en verre
Fabricants de capsules pour emballages en
verre

Food Toolings

Since more than 20 years Euro Tecno Tool designs and manufactures complete lines and individual tools for the production of food ends and cans. We also recondition old presses into new ones and our service is completed with technical test at customer's plant.

FOOD CANS

Slitters

Knives

Beaders

Chucks, sectors and complete tools

Neckers

Necking heads and tools

Seamers

Seaming chucks, rolls and complete equipments

Flangers

Complete heads

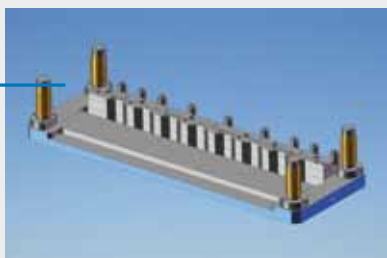

Multi purpose

Complete equipments for necking, flanging, beading and seaming

Scroll Shears

Tools, scroll blades and maintenance

**Single, Double or Multi Dies with Feeding Unit**

Complete dies and spare parts

**Curlers**

Rings and segments, rails

NEW

Complete machines

**Compound Liners**

Complete end feeders

**Seamers**

Seaming chucks, rolls and complete equipments

**Quality Control**
